

PureTherm® 1001C

WHITE OPAQUE

PRODUCT DATA SHEET

INTRODUCTION

PureTherm 1001C White Opaque is a rigid PVC film. This film is the same as PureTherm 1001C with the addition of white pigment to allow for the packaging of light sensitive pharmaceutical products or where it is desirable that the blister contents are not visible. This film meets HPB and FDA (DMF-8668) requirements. Applications include blister packaging of tablets, capsules, lozenges, suppositories as well as use in laminations.
